QUALITY WITHOUT BORDERS: OUR DNA

It is no coincidence that the **made in Italy** label is synonymous with luxury and style. Italian diligence and craftsmanship have always been renowned for their selection of **quality materials** and a **passion for creativity** that is part of our DNA.

Young people who harmoniously combine progress and design with tradition and transformation. The **boldness** that has led us, year after year, to be recognized as outstanding and able to stay ahead of the times and set trends.

A JOURNEY THAT STARTS WITH PASSION

Laines du Nord is the **Italian** benchmark for knitting, not only for its dedication and the meticulous choice of materials, but also for the incredible esthetic taste of its experienced young owner **Riccardo Ferrero**. Even as a child his father would take him to visit producers in **Biella**, where colors took shape and wool was transformed into refined yarns. He was immediately driven by the desire to give continuity to the business, **innovating** the **art of knitting** through past experience.

During his studies for a degree in Economics and Commerce, he decided to undertake a journey outside of Italy to find out more about the secrets and needs of major **international manufacturers**. He returned to Italy enriched and even more dedicated, determined to follow in his father's footsteps on a path where adventures, **dreams and colors** led him to transform every yarn into a living emotion.

Due to his unremitting **exploration** of colors and cutting-edge **technology**, Riccardo soon began to take charge of the new collections, always pushing himself a little further until he became a mainstay of the company and a successful designer, creating innovative products for an increasingly demanding market.

RESPECTING THE ENVIRONMENT, THE LAND AND PEOPLE

Our yarns comply with the strictest **environmental criteria** and so do the companies we work with. We care about animal welfare so as to guarantee not only quality but **sustainability**, which is why our wool is guaranteed **Mulesing Free**.

In recent years, knitting has become not only a pastime for psychophysical well-being but also an **ethical choice** and a concrete response to the frenzy of modern times, where more and more people make conscious purchases with full **respect** for the **environment** and **workers**.

Laines Du Nord has obtained **GOTS certification**: a standard to which adherence is voluntary and based on strict ecological and social criteria. Total traceability at every stage of the supply chain guarantees an **organic product**. Awareness of origin, compliance with chemical requirements, full harmony with the environment, wise use of **energy resources** and love for those who work with it. A constant commitment that has led us to obtain **certifications** that meet the strictest **European standards** recognized worldwide.
